

Access/Series E

Innovative mounting brackets and case design make the Access versatile and easy to fit in small spaces. Case is 17.8 cm high x 22.9 cm deep (includes flange and mounting brackets). Case lengths below include flange to support ceiling tile or trim ceiling opening. NTSC/PAL, HDTV and WideScreen format screens have black borders on all four sides. U.S. Patent Numbers 6,137,629; 6,421,175; 6,532,109; and 6,816,308; other patents pending. Plenum rated case (UL approved "Suitable for Use in Environmental Air Space."). Includes 3-position switch.

Optional Motors: Quiet Motor (Q), Motor with Built-in Low Voltage Controller (L), or Quiet Motor with Built-in Low Voltage Controller (QL): see page 23.

Optional Controls: MC-1 network controller or VIC Video Interface Control may be built into the case. A variety of switches, listed on page 24, may be installed outside the case.

Other Options: Additional drop above image area, see page 24 (specify color: surface color is standard for AV format; black for all others). Black masking borders—3.8 cm through 178 cm wide; 4.5 cm on 213 cm wide; 5 cm on larger screens (optional on AV format, standard on all others). Custom sizes available by quotation. Please specify details like extra drop, etc. Also available in 15:9 format sizes.

An Access case may be ordered and installed prior to selecting a screen size, type and format. Please see page 12 for cases.

Built-in controls may increase length of case: call factory for dimensions. Only one control—MC1 or VIC—can be factory-installed in each case.

Before ordering an Access/Series E screen, please fill out an Access/Ultimate Access Planning Sheet from <http://www.draperinc.com/go/AccessE.htm>.

Part numbers in this table followed by "~" denote items which are typically **IN STOCK** and available for immediate shipment.

*These sizes include 30 cm black drop as standard—NO EXTRA CHARGE!

The Access Series: Case Now, Screen Later...

The Access Series screen offers you a significant benefit: the extruded aluminum case can be installed in the ceiling first and the screen (motor-in-roller with attached viewing surface) can be added later.

See Page 12...Please be sure to order a large enough case to accommodate your Access screen. Screens are furnished with an 45 cm electrical lead, so a screen can connect to the power supply of a wider case.
